React JS Workshop: scalar, Gyan Mitra

Guvi Hackathon: Participation

Database Management Systems: Infosys springboard

EDUCATION

Mepco Schlenk Engineering College

2022-2026 CGPA - 7.95

PKN Matriculation Higher Secondary School

HSC - 91.5% SSLC- 89.2%

LANGUAGES

English: Proficient

Tamil: Native Speaker

ACHIEVEMENTS

Leet code: Solved 300+ problems

LinkedIn: 700+ connections

PROFILE

Passionate full-stack developer with hands-on experience in the MERN stack. Skilled in building secure, scalable web applications with optimized performance. Proficient in using Tailwind CSS for efficient and responsive UI design. Seeking to join a dynamic team to contribute expertise and tackle new challenges with dedication and innovation.

PROJECTS

Insight Invest – Built a Full-Stack Financial Tracking Platform

- Designed and built a full-stack financial tracking application to analyze user's financial health.
- Implemented authentication, data storage in MongoDB, and visualized financial insights using Chart.js.
- Secured user authentication and session management using JWT for token-based authorization.
- GitHub Repo: <https://github.com/Venkey45R/invest-inshight.git>

Weather App – Fetched Public APIs for Real-Time Data

- Integrated two public APIs to determine user location and fetch real-time weather data based on coordinates.
- Features real-time calculations with dynamic feedback to ensure quick and accurate results.
- Optimized API response handling to improve data accuracy and loading speed.
- GitHub Repo: <https://github.com/Venkey45R/weather-app>

Portfolio Website - Designed and Deployed a Personal Portfolio

- Built a user-friendly expense tracker with secure transaction logging using React, Node.js, Express, and MongoDB.
- Integrated React-Chart.js to visualize income, expenses, and savings through interactive pie charts.
- GitHub Repo: https://github.com/Venkey45R/mern_expense_tracker

Expense Tracker – Visually Appealing Expense Tracking Tool

- Created a responsive personal portfolio using HTML, Tailwind CSS, and Framer Motion for animations.
- Showcased projects, skills, and achievements with an intuitive UI and interactive design.
- Deployed the website with a live link, ensuring accessibility and performance optimization.
- Live Link: <https://venkatesh-portfolio-eight.vercel.app/>

EXPERIENCE

Web Development Intern – eSubhalekha.com

November 2024 - March 2025

- Developed responsive wedding templates using HTML, Bootstrap, and JavaScript, ensuring cross-device compatibility and modern UI design.
- Designed visually appealing templates in Figma, aligning with requirements and brand aesthetics.
- Contributed to the company's success by enhancing the landing page and improving user experience.
- Gained hands-on experience in a professional environment, collaborating effectively with the team to foster strong communication and teamwork.
